## PROFESSIONAL EXPERIENCE

2022 - present Remote Nexus, Co-Creator & Software Engineer ∂

An open-source tool that generates a GraphQL API from multiple data sources and deploys to AWS cloud infrastructure, abstracting away dozens of manual steps for fast setup.

- Developed a command line interface to automate GraphQL server generation, drastically reducing manual configuration (Node.js, Inquirer, Commander)
- Created a dashboard for API customization, testing, and deployment monitoring with a re-deployment notification system, hot-reloading local test server, and advanced data source configuration via GUI (React, Express, TailwindCSS)
- Resolved multi-source over-fetching and N+1 performance issues with dynamically generated custom GraphQL schema extensions and resolvers (GraphQL Mesh, YAML)
- Containerized server code for deployment to AWS cloud infrastructure and automated AWS deployment and teardown (Docker, AWS CLI, Terraform, ECR, ECS Fargate)
- Authored technical case study and led a presentation of the project to a group of 50+ attendees. Read case study: (https://nexus-graphql.github.io/ ∅)
- Collaborated with a team of 4 engineers across 3 timezones via daily standups and pair programming

2019 - present Remote

## Launch School,

Mastery-Based Core Curriculum & Capstone Program ₽

- RequestCloud RequestBin clone for testing webhooks (React, PM2, Digital Ocean, Nginx, PostgreSQL)
- Airline Routes Interactive map for viewing and filtering airline routes (React, Javascript)
- Contacts Application to add, edit, and delete contacts (Javascript, HTML, CSS)

## & SKILLS

## Back-end

Node.js, Express, Ruby, Go, MongoDB, RESTful APIs, Sinatra, SQL, Postgres, Pug

## Front-end

Javascript, Typescript, React, HTML/CSS, jQuery, Handlebars, GraphQL

### Tools

Git/Github, Digital Ocean (VPS), AWS (EC2, Fargate, ECS, ECR), Heroku, Docker, Linux, HTTP

#### **₽** EDUCATION

2019 - 2022 **Software Engineering,** Launch School ∂

Multi-year, mastery-based software engineering curriculum with rigorous written assessments and live coding interviews to develop problem-solving, technical skills and speaking skills.

2012 - 2015 A.A, Architecture, San Antonio College

<u>Graph Developer</u> ∂ Associate **Graph Developer** *⊗ Professional*
